Subject: Intimation under Regulation 30 of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulation 2015.

Respected Sir,

The Company M/s Shera Energy Limited has recently made significant progress in expanding its production capacity as some more machines are added in its production line. Successful commissioning and installation has been done.

Doing so, our installed production capacity will be increased to 18,600 tonnes per annum as against 15,600 tonnes previously.

With this increase in production capacity, we anticipate a substantial growth in our operations by approximately 20.00% in the near future. This expansion aligns with our long-term strategic plans for sustainable growth and profitability.

This is to keep our investors updated for the future plans of Shera Energy Limited.

FOR SHERA ENERGY LIMITED

Jyoti Goyal
Company Secretary & Compliance officer
