“SHERA POWERING AFRICAN MARKETS”

We are proud to announce that our company has received its first African **EXPORT** order! We have secured this contract amounting to **USD 87,000** for the supply of conductors to Zambia. Marking a significant milestone in our expansion into the African markets. This order highlights our commitment to deliver high-quality products and services to new region and underscores our growing reach in the African continent.

With numerous infrastructure projects in pipeline in Zambia and our strategic presence there through our subsidiary, we anticipate a **substantial boost** to our export business. With this break we forecast an impressive addition of approximately 60 crores in export business for the current financial year 2024-25.

We look forward to building strong and lasting relationships with our partners in Zambia and business with other African countries as we continue to expand our footprint and to deliver innovative solutions to meet the region's need. Company is in continuous dialogue with electrical utilities to provide them solutions for refurbishing of unserviceable transformers. Any further development on this shall be intimated to the exchange in due course.

We extend our deepest gratitude to all the stakeholders for their continued trust and support. Your confidence in Shera Energy fuels our drive to achieve greater heights and deliver sustained value.

Yours Faithfully

For Shera Energy Limited
